BIOLOGY: The Living World & Biological Classification

DATE	CHAPTER / TOPIC DETAIL	DAILY MILESTONES
15 JULY Wednesday	THE LIVING WORLD (Part 1) • What is Living? (Growth, Reproduction, Metabolism, Cellular Organization, Consciousness) • Biodiversity & Need for Classification • Taxonomic Categories & Hierarchical Arrangement	☐ NCERT Core Reading ☐ Key Points Notes Creation ☐ Concepts Active Recall ☐ 100 High-Yield MCQs
16 JULY Thursday	THE LIVING WORLD (Complete) • Taxonomic Aids: Herbarium, Botanical Gardens • Museums, Zoological Parks, Keys (Couplet and Lead) • Monograph, Manuals, Flora, and Catalogues	☐ NCERT Text Review ☐ Examples Summary Sheet ☐ Past Year Questions (PYQs) ☐ 100 Target MCQs
17 JULY Friday	BIOLOGICAL CLASSIFICATION (Part 1) • History of Classification (Aristotle, Linnaeus) • Five Kingdom System advantages & criteria (Whittaker) • Kingdom Monera: Archaeobacteria, Eubacteria, Cyanobacteria, Mycoplasma	☐ NCERT Deep Reading ☐ Tables & Flowcharts Practice ☐ Monera Features Table ☐ 100 Target MCQs
18 JULY Saturday	BIOLOGICAL CLASSIFICATION (Part 2) • Kingdom Protista: Chrysophytes, Dinoflagellates, Euglenoids, Slime Moulds, Protozoans • Kingdom Fungi: Morphology, Modes of Reproduction • Phycomycetes, Ascomycetes, Basidiomycetes, Deuteromycetes	☐ NCERT Line-by-Line ☐ Fungi Life-Cycles & Examples ☐ NCERT Diagrams Practice ☐ 100 Target MCQs
19 JULY Sunday	BIOLOGICAL CLASSIFICATION (Part 3) • Acellular Organisms: Viruses (Discovery, Structure, Genetic Material) • Viroids, Prions, and Lichens (Symbiotic Association & Ecological Value)	☐ NCERT Structure Revision ☐ Viral Diseases Exception List ☐ Key Points Flashcards ☐ 100 Target MCQs
20 JULY Monday	MINI TEST DAY • Full Syllabus Test for Week 3 (Living World + Biological Classification) • Comprehensive Mistake Isolation & Logging	☐ Attempt 180 MCQs Test ☐ Dedicated Error Book Update ☐ Weak Concept Re-reading
21 JULY Tuesday	FULL REVISION DAY • Active Recall of High-Yield Examples and NCERT Bold Text Lines • Final checklist confirmation for Week 3 Biology syllabus	☐ Summary Sheets Review ☐ NCERT Diagrams Revision ☐ Be Exam Ready!

CHEMISTRY: Chemical Bonding & Molecular Structure

DATE	CHAPTER / TOPIC DETAIL	DAILY MILESTONES
15 JULY Wednesday	CHEMICAL BONDING (Part 1) - Kössel-Lewis Approach to Chemical Bonding, Octet Rule - Ionic / Electrovalent Bond factors, Lattice Enthalpy & Born-Haber Cycle basics	☐ NCERT Text Reading ☐ Conceptual Formula Notes ☐ 40–50 Standard MCQs
16 JULY Thursday	CHEMICAL BONDING (Part 2) - Covalent Bond parameters (Bond Length, Bond Angle, Bond Enthalpy, Bond Order) - Polarity of Bonds, Dipole Moment calculations, Fajan's Rules	☐ NCERT Rules Mapping ☐ Exceptional Dipole Cases ☐ 40–50 Application MCQs
17 JULY Friday	CHEMICAL BONDING (Part 3) - Valence Shell Electron Pair Repulsion (VSEPR) Theory - Predicting Geometry and Exact Shapes of Molecules (Lone pair - Bond pair repulsions)	☐ Molecular Geometry Charts ☐ NCERT Intext Exercises ☐ 40–50 VSEPR MCQs
18 JULY Saturday	CHEMICAL BONDING (Part 4) - Valence Bond Theory (VBT) & Orbital Overlapping concept - Directional properties of bonds, Distinction between σ and π bonds	☐ Overlapping Axis Rules ☐ Sigma/Pi Counting Exercises ☐ 40–50 Structural MCQs
19 JULY Sunday	CHEMICAL BONDING (Part 5) - Hybridization types: sp, sp^2, sp^3, sp^3d, sp^3d^2 - Step-by-step evaluation of shapes of polyatomic molecules	☐ Fast Hybridization Tricks ☐ Complex Structures Review ☐ 40–50 Advanced MCQs
20 JULY Monday	REVISION + TEST DAY - Consolidation of all structural rules, exceptions, and bond parameter trends 60 MCQ High-Yield Time-Bound Chapter Test	☐ 60 Mins Focused Test ... Log Errors & Patterns ☐ Re-verify Weak Shapes
21 JULY Tuesday	FULL REVISION DAY - Reviewing NCERT Back Exercises and conceptual summaries - Final check of the custom Formula and Geometry Chart	☐ Quick Formula Review ☐ Shape Reference Sheet ☐ Ready for Next Week!

PHYSICS: Work, Energy, Power & Circular Motion

DATE	CHAPTER / TOPIC DETAIL	DAILY MILESTONES
15 JULY Wednesday	WORK, ENERGY, AND POWER (Part 1) - Scalar product of vectors, Definition of Work - Work done by Constant Force vs. Variable Force (Graphical interpretation) - Kinetic Energy fundamentals	☐ NCERT Chapter Reading ☐ Dot Product Formulas ☐ 30–40 Variable Force MCQs
16 JULY Thursday	WORK, ENERGY, AND POWER (Part 2) - Work-Energy Theorem derivation and problem application - Concept of Potential Energy, Conservative vs. Non-Conservative Forces - Potential Energy of a Spring	☐ Theorem Application Rules ☐ Spring Core Derivations ☐ 30–40 Numerical Problems
17 JULY Friday	WORK, ENERGY, AND POWER (Part 3) - Conservation of Mechanical Energy (Vertical Circular Motion basics) - Elastic and Inelastic Collisions in 1D and 2D, Coefficient of Restitution (e) - Power definition and instantaneous calculations	☐ Collision Shortcut Matrix ☐ Coefficient Profiles ☐ 30–40 Collision MCQs
18 JULY Saturday	CIRCULAR MOTION (Part 1) - Angular variables: Angular Displacement, Velocity (ω), Acceleration (α) - Relation between Linear and Angular variables - Centripetal Acceleration and Tangential Acceleration	☐ Kinematics Analogy Sheet ☐ Vector Component Practice ☐ 30–40 Conceptual MCQs
19 JULY Sunday	CIRCULAR MOTION (Part 2) - Dynamics of Uniform and Non-Uniform Circular Motion - Banking of Roads, Bending of Cyclists, Centripetal Force equations	☐ Free Body Diagrams (FBD) ☐ NCERT Solved Examples ☐ 30–40 Applied Numericals
20 JULY Monday	MINI TEST DAY Mixed Core Mechanics Test focusing on Work-Energy-Power and Circular Motion dynamics	☐ 60 Mixed MCQs Test ☐ Detailed Analysis Review ☐ Physics Error Log Entry
21 JULY Tuesday	FULL REVISION DAY Consolidation of formulas for work integrals, spring constraints, collision systems, and angular vectors	☐ Formula Sheet Update ☐ Hard Question Re-solve ☐ Mechanics Core Secure!

Recommended Learning Resources & Execution Strategy

- **Official NCERT Textbooks (Class 11):** The non-negotiable gold standard. Prioritize reading Biology line-by-line, highlighting specific exceptions in Biological Classification. For Physics and Chemistry, solve every single inline solved example and backend question before attempting exterior modules.
- **Grid Academy Free Mock Test Series:** Test metrics dynamically analyze your conceptual accuracy under authentic time pressure. Use their dedicated NEET portal to practice mock papers aligned strictly with the new syllabus patterns: gridacademy.in/exam/latest-neet-ug-mock-test-series.
- **High-Yield Question Banks:** Supplement your practice using standard national objective reference questions (e.g., DC Pandey for Physics Mechanics practice, VK Jaiswal for Chemical Bonding classification, and NCERT Exemplar problems across all three subjects).
- **The Error Notebook System:** Never let an incorrect choice pass without archiving it. Write down the wrong step, the underlying formula/exception you missed, and re-solve it after a 48-hour cool-down period.
